DETAILED ACTION

(THIS CASE IS AN EX PARTE QUAYLE)

Claim Objections

1. Claims 24-30 and 36-41 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. In the current case, these claims are dependent from canceled claims 23 and 34, respectively.

Election/Restrictions

2. This application is in condition for allowance (note following paragraph), except for the presence of claims 3, 4, 9-21 and 31-33 directed to species non-elected without traverse. Accordingly, these claims need to be cancelled.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior art does not show or fairly suggest the claimed invention of Illumination arrangement and method of illuminating at least two illumination points, having the claimed structure and claimed limitations, wherein a rejection under 35 USC 102 or 103 would be improper. Please particularly note the combination of claimed elements and claimed limitations, including independent claims 1 and 44, as amended, according to

Art Unit: 2873

the response filed by the Applicant on 2-18-09, and according to the Applicant's Remarks also filed on 2-18-09, at pages 11-13.

Therefore, in light of the Applicants' arguments and amendments, the claimed invention is considered to be in condition for allowance as being novel and nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. This application is in condition for allowance except for the following formal matters:

The above objections to the claims as noted in paragraph 1 of this office action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
